Public Notice – Coronavirus Pandemic

The Pilgrim House Conference Centre has considered the government advice relating to measures to reduce the spread of the coronavirus in Australia and has decided to suspend its operations.

No activities will be permitted in the centre from Monday 23 March 2020.

Similar restrictions apply to the other church facilities on site. Some community services such as the Early Morning Centre may continue to provide restricted services, but this is being reviewed regularly.

We apologise for any inconvenience that these decisions have caused.

If you need more information you may contact us by email.

We look forward to resuming normal services when circumstances improve.
