

JOIN OTHERS IN REDUCING PLASTIC WASTE

The Canberra City Church Environment Action Group will host a 'Reduced Plastic Use' campaign on Canberra City's Uniting Environment Action Group Facebook page during July. The campaign will be based on the Plastic Free July webpage <https://www.plasticfreejuly.org/>.

Plastic Free July is a global movement that helps millions of people be part of the solution to plastic pollution - so we can have cleaner streets, oceans, and beautiful communities. The aim is to educate people about the issue of single use plastic (it's pollution as it goes to landfill, or into the environment, and then energy creating CO2 is used to create more single use plastic) and to reduce our use of plastic generally.

Soft plastics cannot be recycled via your kerb side yellow bin but they can be recycled via the REDcycle bins at most Coles and Woolworths supermarkets. For more details visit <https://www.redcycle.net.au/what-to-redcycle/>

You are invited to follow the campaign by visiting the Canberra City Uniting Facebook page <https://www.facebook.com/canberracityuniting/> and then clicking City Uniting Environment Action Group <https://www.facebook.com/groups/260991771784190/?ref=bookmarks>.

Please like and follow the page.
